***THE NEWEST LIGHTWEIGHT, MODERN, AND ALL COMPOSITE TOY HAULING-FISH HOUSE INNOVATION FROM THE TEAM WHO BROUGHT YOU THE SCAMP TRAILER.***

# ICEPRO

Embark on a journey of unparalleled ice fishing comfort and performance with IcePro Trailers and our exceptional line of fiberglass lightweight fish houses. Crafted with precision and innovation, our fiberglass models redefine the standards of ice fishing houses, offering a perfect blend of durability, portability, and convenience.

At IcePro Trailers, we understand the significance of a thoughtfully designed fish house in enhancing your ice fishing experience. Meticulously crafted with precision and innovation, our fiberglass models stand out for their robust yet lightweight construction. With the added convenience of a dedicated space for storing your ATV, these trailers are not only designed for easy transport but also feature the ability to be towed by your ATV once you reach the ice. This comprehensive solution ensures swift and hassle-free transportation to your preferred ice fishing locations, allowing you to focus entirely on the exhilarating moments of the catch.

The fiberglass construction of our fish houses contributes not only to overall durability but also enhances insulation, creating a cozy and warm environment even in the harshest winter conditions. Our dedication to quality extends to every detail, ensuring that your time on the ice is not just about catching fish but creating enduring memories.

IcePro Trailers takes pride in being your go-to source for fiberglass lightweight fish houses that redefine the way you approach ice fishing. Whether you're a seasoned angler or a weekend enthusiast, our trailers are built to meet the demands of your adventure. Explore our selection today and discover the perfect companion for your next ice fishing expedition. Elevate your experience with IcePro Trailers – [where innovation meets the ice.](#)

## 1 TOY HAULER

The perfect solution for effortlessly transporting your 4-wheeler to the lake within its spacious 10ft x 6ft frame. This specialized trailer is designed for convenience, offering a dedicated and secure space to haul your off-road vehicle with ease.

## 2 WINCH SYSTEM

IcePro uses an innovative and user-friendly winch tire system designed to simplify the process of lowering the ice shelter onto the ice. Engineered with the utmost convenience in mind, this cutting-edge system allows anglers to effortlessly control the IcePro with a few easy turns of the winch handle.

## 3 CATCH COVERS & HOLE LIGHTS

IcePro sets itself apart with its thoughtfully placed Catch Cover fishing holes, enhanced with click LED hole lights for unparalleled visibility during ice fishing expeditions. The lights feature a user-friendly click-on mechanism, providing a hassle-free way to illuminate the fishing area.

## 4 DUCTED FURNACE

Elevating cold-weather comfort with its powerful 25,000 BTU ducted furnace, delivering exceptional heating performance for ice fishing enthusiasts. The ducted system allows for uniform heat dispersion, preventing any cold spots within the fish house.

## 5 BLUETOOTH RADIO

Setting the stage for an immersive and entertaining ice fishing experience with its cutting-edge Bluetooth radio featuring HDMI hookup and a robust four-speaker system. Anglers can seamlessly connect their devices, as well as our optional 32" Smart TV via Bluetooth to stream their favorite tunes, shows and movies creating a vibrant atmosphere within the fish house.

## 6 ACRYLIC INSULATED WINDOWS

Featuring acrylic insulated windows designed to effectively preserve warmth within the fish house in chilly conditions. These windows are not only practical for temperature regulation but also come with screens for ventilation and blinds to offer both privacy and the ability to manage the amount of natural light.

## 7 FIBERGLASS SHELL

Fiberglass is renowned for its unmatched strength, lightweight properties, and resistance to the elements. It offers exceptional insulation, ensuring that you stay warm even in the coldest of conditions. Our fiberglass ice fishing houses are built to last, season after season, and deliver the ultimate ice fishing experience.

## 8 ALUMINUM FRAME

Showcasing a sturdy yet lightweight aluminum frame, setting the benchmark for durability and portability.

4 FURRIION SPEAKERS

12V & 120V OUTLETS

4 TIE DOWN BRACKETS

DUAL LP TANKS

# LIGHT UP THE ICE

IcePro stands out with its distinctive blue accent light, a unique feature that adds a touch of character to the fish house. This eye-catching blue glow not only enhances the aesthetic appeal of the IcePro but also serves a practical purpose, providing subtle illumination in low-light conditions. The unique blue accent light is a standout design element, setting the IcePro apart and contributing to the overall ambiance of the ice fishing experience.

## WHY FIBERGLASS?

Our commitment to innovation is evident in our choice of materials. We exclusively use fiberglass in the construction of our ice fishing houses. Fiberglass is renowned for its unmatched strength, lightweight properties, and resistance to the elements. It offers exceptional insulation, ensuring that you stay warm even in the coldest of conditions. Our fiberglass ice fishing houses are built to last, season after season, and deliver the ultimate ice fishing experience.

# OPTIONAL FEATURES

## ICEPRO CUSTOM SWIVEL CHAIRS (2)

Indulge in a day of fishing and relaxation with the comfort of our customized IcePro swivel chair. Featuring the exclusive IcePro Logo beautifully embroidered and equipped with adjustable armrests, this chair enhances your experience on the ice with style and convenience.

**\$2,000**

## GARMIN LIVESCOPE BUNDLE

Elevate your ice fishing game with the enhanced capabilities of the Garmin LiveScope Bundle, now available as an added option for the IcePro. Experience real-time, high-resolution imaging that unveils the mysteries beneath the ice, allowing you to precisely locate fish and underwater structures.

**\$3,299**

## ONAN & HONDA GENERATORS

Enhance the versatility of your IcePro system with the optional add on of Honda and Onan Generators. This added feature ensures that your ice fishing experience remains powered and uninterrupted, regardless of your location. The reliability of Honda and Onan generators brings a new level of convenience to your setup, providing a dependable source of energy for all your electronic equipment and accessories.

**PRICE VARIES**

## 32" 12V SMART TV

Transform your IcePro into a cozy retreat with the added luxury of the 32" 12 Volt Smart TV, now available as an added option for your IcePro. This feature brings entertainment to the ice, allowing you to stay connected and enjoy your favorite shows, sports, or movies during your fishing downtime. Utilize the Bluetooth feature to connect to the four built-in Furrion Speakers.

**\$350**

## ***THE GARAGE***

Introducing the IcePro's innovative storage solution – the Garage, located conveniently at the front of your IcePro. This dedicated space is designed to cater to all your storage needs, offering a secure and organized spot for essential equipment. Safely stow away your auger, propane tanks, battery, spare tire, and 48" ramps, ensuring easy access and efficient use of space.

IcePro was born out of a shared love for ice fishing and a desire to make this cherished pastime even more enjoyable. Our founders, avid ice anglers themselves, envisioned a new era of ice fishing, one where anglers could enjoy comfort, durability, and performance like never before. In the heart of Minnesota's ice fishing country, Backus, we set out to create the ultimate ice fishing house, combining tradition with cutting-edge technology.
